**DECLARATION ON
SUSTAINABILITY**

**CONTINENTE
PRODUCERS' CLUB**

Declaration on Sustainability 2021

Between Continente Producers' Club and Agrifood PRODUCERS

Transition towards the green economy

11 PRINCIPLES

1 – Reducing the use of pesticides, nutrients (phosphorus and nitrogen) into fruits & vegetables, olives for olive oil, wheat, rye and rice production.

2 – Promoting good practices at livestock production: animal welfare (including aquiculture).

3 – Improving the use of natural resources during Agri Food production and livestock production, including fisheries and aquiculture.

11 PRINCIPLES

4 – Promoting biodiversity in the orchards, cereal crops (wheat, rye and rice), vineyards and livestock production.

5 – Promoting carbon capture and storage

6 – Promoting extensive livestock production, where applicable

7 – Promoting the use of raw materials from sustainable sourcing (certified) as well as packing materials* from sustainable sourcing (*recyclable and recycled) where applicable.

11 PRINCIPLES

8 – Promoting good social responsibility practices at farm and livestock production level.

9 – Promoting production of healthier products, regarding salt, sugar and fat content and phase out of food additives, where applicable.

10 – Promoting circular economy, by reduction and valorization of waste into new products.

11 – Increasing the supply of organic products or other products produced by other sustainable means, like regenerative agriculture.

TOGETHER
THE BEST OF PORTUGAL...
